INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Multiple Sclerosis Association of America, Inc.
Cherry Hill, New Jersey

Opinion

We have audited the accompanying financial statements of Multiple Sclerosis Association of America, Inc. ("MSAA" or the "Association") (a nonprofit organization), which comprise the statement of financial position as of June 30, 2022, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of MSAA as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MSAA and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MSAA's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

(Continued)

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MSAA's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MSAA's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Philadelphia, Pennsylvania

MULTIPLE SCLEROSIS ASSOCIATION OF AMERICA, INC.

NOTES TO FINANCIAL STATEMENTS

1 - NATURE OF ORGANIZATION

Organization and Nature of Activities

The Multiple Sclerosis Association of America, Inc. (“MSAA” or “the Association”) was incorporated as a nonprofit organization in 1970. The Association is a leading resource for the entire multiple sclerosis (MS) community, improving lives today through vital services and support. The Association is dedicated to improving lives today through ongoing support and direct services to individuals with MS, their families, and their care partners. These activities are funded primarily through contributions from individuals and corporate grants.

Prior to July 1, 2021, the financial statements of the Association were reported on a consolidated basis with a former affiliated entity, MSAA Jacksonville, Inc. Effective May 1, 2021, MSAA Jacksonville Inc. was transferred to a new sponsor and the activities were no longer included in the consolidated financial statements of the Association after that date. These financial statements include only the activity of the Association and have been presented on a single year basis.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Association have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenues and Support

Contributions and Grants - MSAA recognizes revenue from contributions in accordance with ASU 2018-08, *Not-for-Profit Entities - Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made* (Topic 958), grants awarded to MSAA which are generally considered nonreciprocal transactions restricted by funders/supporters for certain purposes, are recognized as revenue when qualifying expenditures are incurred and conditions under the grant agreements are met. Unconditional promises to give cash and other assets to MSAA are reported as contributions and grants and recorded at fair value on the date the promise is received. All contributions are considered to be available for use without restriction unless specifically restricted by the donor. Contributions received for specific purposes or with donor stipulations are reported as increases in net assets with donor restrictions. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

MULTIPLE SCLEROSIS ASSOCIATION OF AMERICA, INC.

NOTES TO FINANCIAL STATEMENTS

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenues and Support (Continued)

Fundraising Events - Revenue earned from sponsorships or attendance at fundraising events is recognized at the time of the event. Revenue from sponsorships is considered contribution revenue as they are generally nonreciprocal transactions. Revenue from ticket sales are considered an exchange transaction for the value received. Ticket sales and contributions received in advance of the event are recorded as deferred revenue (contract liability) and refundable advances, respectively, until the event is held. Deferred revenue and refundable advances amounted to \$47,143 and \$1,750 as of June 30, 2022 and 2021, respectively. Expenses incurred in connection with an event that provide direct benefit to the donors are charged against the revenue earned from the event.

Miscellaneous Income - MSAA recognizes revenue from contracts with customers in accordance with ASU 2014-09, *Revenue from Contracts with Customers* (Topic 606) ("ASC 606"). MSAA recognizes contract revenue when the following criteria are met: 1) Contract with the customer has been identified; 2) Performance obligations in the contract have been identified; 3) Transaction price has been determined; 4) The transaction price has been allocated to the performance obligations; and 5) When (or as) performance obligations are satisfied.

MSAA has contracts with customers for which it provides advertising and referral services. MSAA recognizes the revenue when the advertising is published or the referral is made. Amounts received in advance on these contracts are recorded as deferred revenue (contract liability). The services are billed monthly. The contract performance obligation is recognized at the point in time the advertising is published or the referral is made.

MSAA has contracts with customers for which it provides consulting services. MSAA recognizes the revenue as the services are performed as outlined in the contract during the contract year. Amounts received in advance on these contracts are recorded as deferred revenue (contract liability). These services are billed at various points in time based on the contract agreement. The contract performance obligations are met over the contract period and therefore, revenue from contracts is recognized over time.

Revenue from contracts recognized over time was \$66,397 for the year ended June 30, 2022. Revenue from contracts (exchange transactions) recognized at a point in time was \$130,555 for the year ended June 30, 2022. Revenue from contracts recognized at a point in time for the fundraising events was \$135,256 for the year ended June 30, 2022.

Measure of Operations

MSAA includes in its measure of operations all revenues and expenses from contributions, grants and bequests, special events, investment income, and other revenue generated from MSAA's programs. The measure of operations excludes donated media, as these revenue and expense amounts are not part of MSAA's annual budgeting process.

MULTIPLE SCLEROSIS ASSOCIATION OF AMERICA, INC.

NOTES TO FINANCIAL STATEMENTS

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents

MSAA considers all money market funds to be cash equivalents.

Investments

Investments in fixed income instruments, mutual funds and equity securities with readily determinable fair values are measured at fair value in the statement of financial position. Investment income or loss (including realized and unrealized gains and losses on investments, interest and dividends) is reported as increases or decreases in net assets in the reporting period. Investment fees are netted against investment returns.

Grants and Other Receivables

Grants and other receivables are reported at the amount management expects to collect from outstanding balances at year-end. MSAA's management has determined that these receivables are fully collectible; therefore, no allowance for uncollectible accounts is considered necessary at June 30, 2022 and 2021.

Property and Equipment and Related Depreciation and Amortization

Property and equipment with a useful life of more than one year and an acquisition cost greater than \$750 are capitalized at cost. Costs incurred in the development of software and website are expensed during the preliminary and post-implementation operation stages, including data conversion, training and maintenance costs. Costs incurred during the development stage are capitalized. Expenditures for major repairs and improvements are capitalized; expenditures for minor repairs and maintenance costs are expensed as incurred. Upon the retirement or disposal of assets, the cost and accumulated depreciation are eliminated from the respective accounts and the resulting gain or loss, if any, is included in revenue or expenses in the accompanying statement of activities. Depreciation and amortization are provided on a straight-line basis over the estimated useful lives of the assets.

The estimated useful lives for property and equipment are as follows:

Categories	Estimated Useful Lives
Buildings and improvements	30-40 years
Furniture, fixtures and equipment	5-7 years
Website and software costs	3-15 years

MSAA reviews long-lived assets to determine if the carrying value exceeds the undiscounted cash flows expected to be derived from the asset. If the carrying value exceeds the cash flows, then the recorded amount of the assets will be reduced to their fair value. There was no impairment loss recognized for the year ended June 30, 2022.

MULTIPLE SCLEROSIS ASSOCIATION OF AMERICA, INC.

NOTES TO FINANCIAL STATEMENTS

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Debt Issuance Costs and Amortization

Deferred debt issuance costs consist of costs associated with the mortgage note payable and include closing costs, legal fees and other related costs, and are subject to amortization. Deferred debt issuance costs are being amortized using the straight-line basis over the life of the related note. Amortization expense related to deferred debt issuance costs totaled \$3,775 for the year ended June 30, 2022 and is included in amortization expense on the statement of functional expenses.

Refundable Advances

Refundable advances consist of the contribution portion of special event revenues received in advance for events scheduled to take place after year end.

Net Assets

Net assets, revenues, and other support are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions - Net assets available for use in general operations and not subject to donor restrictions. From time to time, the Board of Directors may designate a portion of these net assets for specific purposes, which makes them unavailable for use at management's discretion.

Net Assets With Donor Restrictions - Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events or purposes specified by the donor. Other donor-imposed restrictions are permanent in nature, where the donor stipulates that such resources be maintained in perpetuity. Generally, the donors of these assets permit the Organization to use all or part of the income earned on related investments for general or specific purposes.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions.

Donated Media

Donated media is reflected as revenue and expense in the accompanying statement of activities at the estimated fair value as provided by the donor or third party. Donated media primarily consists of digital media spots on the internet and advertisements received through the Google AdWords campaign.

MULTIPLE SCLEROSIS ASSOCIATION OF AMERICA, INC.

NOTES TO FINANCIAL STATEMENTS

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying statement of functional expenses. Expenses directly attributed to a specific functional area of MSAA are reported as expenses of those functional areas, while shared costs that benefit multiple functional areas have been allocated among the various functional areas based on estimates determined by management to be equitable. Occupancy and depreciation expenses are allocated by the square footage used by the related department, and costs that are part of the direct mail campaigns are allocated based on the line counts of the direct mail pieces. All other shared costs are allocated based on a time study, which is done twice a year.

Income Taxes

The Organization is exempt from federal income taxes under the provisions of the Internal Revenue Code Section 501(c)(3), and is exempt from state income taxes. The Organization is not a private foundation.

3 - LIQUIDITY AND AVAILABILITY OF RESOURCES

MSAA regularly monitors liquidity required to meet its annual operating needs and other contractual commitments, while also striving to preserve the principal and return on the investment of its funds. MSAA's financial assets available within one year of the statement of financial position date for general expenditures at June 30, 2022, were as follows:

Cash and cash equivalents	\$	2,256,111
Investments		4,248,564
Grants and other receivables		103,361
<u>Total financial assets available within one year</u>		<u>6,608,036</u>
Less: Amounts unavailable for general expenditures within one year due to donor's restriction with purpose restrictions		<u>(1,250,624)</u>
<u>Total financial assets available to meet general expenditures within one year</u>	\$	<u>5,357,412</u>

MSAA has certain donor-restricted assets limited as to use which are unavailable for general expenditure within one year in the normal course of operations. Accordingly, these assets have been excluded in the above qualitative information for financial assets to meet general expenditures within one year.

MULTIPLE SCLEROSIS ASSOCIATION OF AMERICA, INC.

NOTES TO FINANCIAL STATEMENTS

3 - LIQUIDITY AND AVAILABILITY OF RESOURCES (Continued)

Liquidity Management

MSAA has various sources of liquidity at its disposal, including cash and cash equivalents and investments, which are available for general expenditures, liabilities and other obligations as they come due. Management is focused on sustaining the financial liquidity of MSAA throughout the year. This is done through monitoring and reviewing MSAA's cash flow needs on a weekly basis. As a result, management is aware of the cyclical nature of MSAA's cash flow related to MSAA's various funding sources and is therefore able to ensure that there is cash available to meet current liquidity needs or to support organizational initiatives. As part of its liquidity plan, excess cash is invested in publicly traded investment vehicles, including \$431,466 in short-term liquid funds, and approximately 70% equity and 30% fixed income. MSAA can liquidate its investments anytime, and therefore the investments are available to meet current cash flow needs. To help manage unanticipated liquidity needs, MSAA has a committed line of credit of \$500,000, of which approximately \$500,000 was unused and available to draw upon as of June 30, 2022.

4 - INVESTMENTS

Investment loss is summarized as follows for the year ended June 30, 2022:

Realized losses	\$	(128,191)
Unrealized losses		(645,309)
Interest and dividends		150,438
<u>Investment management fees</u>		<u>(33,205)</u>
<u>Investment loss, net</u>	\$	<u>(656,267)</u>

Included in interest and dividends above, and in investment income in the accompanying statement of activities is \$4,765 for the year ended June 30, 2022, of interest income earned on cash and cash equivalents.

MULTIPLE SCLEROSIS ASSOCIATION OF AMERICA, INC.

NOTES TO FINANCIAL STATEMENTS

5 - FAIR VALUE MEASUREMENTS

U.S. GAAP defines fair value, provides guidance for measuring fair value and requires certain disclosures. U.S. GAAP discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow) and the cost approach (cost to replace the service capacity of an asset or replacement cost). U.S. GAAP provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in markets that are not active.

Level 3: Unobservable inputs that reflect management's own assumptions.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy, as applicable:

Equity securities and mutual funds - Valued at the quoted net asset values ("NAV") of the shares held by the MSAA. These common stocks and funds are required to publish their daily net asset value (NAV) and to transact at that price. The common stocks and mutual funds held by the MSAA are deemed to be actively traded.

Fixed income securities - The fair value of these securities is estimated based on models considering the estimated cash flows and expected yield.

The investment portfolio is targeted at approximately 70% equity and 30% fixed income.

MSAA's investments are reported at fair value as follows:

	Investments at Fair Value at June 30, 2022			
	Level 1	Level 2	Level 3	Total
Fixed income securities	\$ -	\$ 932,306	\$ -	\$ 932,306
Fixed-income mutual funds	334,849	-	-	334,849
Equity securities	884,410	-	-	884,410
Equity mutual funds	1,883,455	-	-	1,883,455
Other	213,544	-	-	213,544
Total investment assets at fair value	\$ 3,316,258	\$ 932,306	\$ -	\$ 4,248,564

MULTIPLE SCLEROSIS ASSOCIATION OF AMERICA, INC.

NOTES TO FINANCIAL STATEMENTS

6 - PROPERTY AND EQUIPMENT AND RELATED DEPRECIATION AND AMORTIZATION

MSAA held the following property and equipment as of June 30, 2022:

Land	\$	403,000
Buildings and improvements		820,198
Furniture, fixtures and equipment		238,190
Website and software costs		105,020
Total property and equipment		1,566,408
Less: Accumulated depreciation and amortization		(421,173)
Property and equipment, net	\$	1,145,235

Depreciation and amortization expense was \$80,103 for the year ended June 30, 2022.

7 - LINE OF CREDIT

MSAA has a \$500,000 revolving line of credit with a financial institution that is secured by a second mortgage on MSAA's building located in NJ. Interest is charged at the prime rate (4.75% at June 30, 2022) and expires on March 1, 2023. Interest expense incurred on the line of credit during the year ended June 30, 2022, was \$0. As of June 30, 2022, there is no outstanding balance due on the line of credit.

8 - NOTES PAYABLE

MSAA has a mortgage loan agreement on its property located in NJ with a financial institution. This loan is collateralized by substantially all of the assets of MSAA, including the property located in NJ, and includes a minimum debt charge coverage ratio and minimum liquidity covenants. The mortgage is payable in monthly payments of \$6,204 through March 1, 2024, including interest of 4.15% per annum, at which time a balloon payment is due for the remaining outstanding principal.

The balance outstanding as of June 30, 2022, was \$893,757, and is shown net of unamortized debt issuance costs of \$10,087 on the statement of financial position as of June 30, 2022. Interest expense incurred on the mortgage note payable was \$38,329 for the year ended June 30, 2022.

MULTIPLE SCLEROSIS ASSOCIATION OF AMERICA, INC.

NOTES TO FINANCIAL STATEMENTS

8 - NOTES PAYABLE (Continued)

The mortgage loan agreement includes certain financial covenants including covenants to maintain minimum liquidity and a minimum debt service coverage ratio. MSAA was not in compliance with the minimum debt service coverage ratio as of June 30, 2022; however, MSAA received a waiver from the bank.

Future maturities of the notes payable are as follows:

Year Ending June 30,	
2023	\$ 37,512
2024	846,158
	<u>\$ 883,670</u>

9 - NET ASSETS WITH DONOR RESTRICTIONS

As of June 30, 2022, net assets with donor restrictions were restricted for the following purposes or period:

Subject to expenditure for specified purpose	
Patient services	\$ 1,250,624

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purposes by the expiration of a time restriction or by occurrence of other events specified by donors.

Purpose restrictions accomplished	\$ 1,867,011
-----------------------------------	--------------

10 - DONATED MEDIA AND SERVICES

During the year ended June 30, 2022, MSAA received \$124,834 of donated advertisements from the Google AdWords campaign. The Google AdWords campaign consists of advertisements for MSAA's services received from Google free of charge and is recorded as donated media expenses under the public education and patient services program in the accompanying statement of functional expenses.

MSAA's programs are also furthered through the contribution of time by unpaid volunteers. In the year ended June 30, 2022, volunteers contributed approximately 343 hours to MSAA's program services. These donated services are not reflected in the accompanying statement of activities because they do not meet the necessary criteria for recognition under U.S. GAAP.

NOTES TO FINANCIAL STATEMENTS

11 - ALLOCATION OF JOINT COSTS

For the year ended June 30, 2022, MSAA incurred joint costs for direct mail campaigns which included fundraising appeals. These joint costs have been included in contract services, data processing and list costs, and postage, printing and mailing costs in the accompanying statement of functional expenses. These joint costs are allocated as follows:

Fundraising	\$	1,721,369
Public education and patient services		798,963
General and administrative		120,248
<u>Total</u>	<u>\$</u>	<u>2,640,580</u>

12 – CONCENTRATIONS OF CREDIT RISK

MSAA maintains its cash in bank deposit accounts insured by the Federal Deposit Insurance Corporation (FDIC). Each of these accounts is guaranteed by the FDIC up to \$250,000. At times, during the year, these balances may exceed FDIC limits. At June 30, 2022, MSAA had approximately \$1,442,000 of uninsured balances.

A significant portion of MSAA's assets are invested in investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect investment balances and the amounts reported in the financial statements.

13 - PENSION PLAN

MSAA has a voluntary defined contribution retirement plan that is available to all eligible employees as defined in the plan and includes a provision for a safe harbor nonelective employer contribution available to all eligible employees who have completed at least three months of service and attained 21 years of age. An employee is 100% vested in the employer contributions. During the year ended June 30, 2022, MSAA contributed \$54,121 to the plan.

NOTES TO FINANCIAL STATEMENTS

14 - UNCERTAIN TAX POSITIONS

Management of MSAA considers the likelihood of changes by taxing authorities in its income tax returns and recognizes a liability for or discloses potential significant changes that management believes are more likely than not to occur upon examination by tax authorities, including changes to MSAA's status as a not-for-profit entity. Management believes MSAA met the requirements to maintain its tax-exempt status and has not identified any uncertain tax positions subject to the unrelated business income tax that require recognition or disclosure in the accompanying financial statements.

15 - SUBSEQUENT EVENTS

MSAA has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 18, 2022, the date on which the financial statements were available to be issued.

In September 2022 MSAA entered into an agreement of sale in the amount of \$1,350,000 for the building and land located at 375 Kings Highway North, Cherry Hill, NJ. The mortgage payable will be repaid with the proceeds from the sale.
