#### INDEPENDENT AUDITORS' REPORT

To the Board of Directors

Multiple Sclerosis Association of America, Inc.

#### **Opinion**

We have audited the financial statements of Multiple Sclerosis Association of America, Inc. ("MSAA" or the "Association") (a nonprofit organization), which comprise the statement of financial position as of June 30, 2023, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of MSAA as of June 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MSAA and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Prior Period Financial Statements

The financial statements of MSAA as of and for the year ended June 30, 2022, were audited by Friedman LLP whose practice was combined with Marcum LLP as of September 1, 2022, and whose report dated October 18, 2022, expressed an unmodified opinion on those statements.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MSAA's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of MSAA's internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MSAA's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### NOTES TO FINANCIAL STATEMENTS

#### FOR THE YEARS ENDED JUNE 30, 2023 AND 2022

#### NOTE 1 - NATURE OF ORGANIZATION

#### **ORGANIZATION AND NATURE OF ACTIVITIES**

The Multiple Sclerosis Association of America, Inc. ("MSAA" or "the Association") was incorporated as a nonprofit organization in 1970. The Association is a leading resource for the entire multiple sclerosis (MS) community, improving lives today through vital services and support. The Association is dedicated to improving lives today through ongoing support and direct services to individuals with MS, their families, and their care partners. These activities are funded primarily through contributions from individuals and corporate grants.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **BASIS OF PRESENTATION**

The financial statements of the Association have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

#### **USE OF ESTIMATES**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### REVENUES AND SUPPORT

#### **Contributions and Grants**

MSAA recognizes revenue from contributions in accordance with *Not-for-Profit Entities - Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made* (Topic 958). Grants awarded to MSAA which are generally considered nonreciprocal transactions restricted by funders/supporters for certain purposes, are recognized as revenue when conditions under the grant agreements are met. Unconditional promises to give cash and other assets to MSAA are reported as contributions and grants and recorded at fair value on the date the promise is received. All contributions are considered to be available for use without restriction unless specifically restricted by the donor. Contributions received for specific purposes or with donor stipulations are reported as increases in net assets with donor restrictions.

#### NOTES TO FINANCIAL STATEMENTS

#### FOR THE YEARS ENDED JUNE 30, 2023 AND 2022

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### REVENUES AND SUPPORT (CONTINUED)

#### Contributions and Grants (continued)

When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

#### Fundraising Events

Revenue earned from sponsorships or attendance at fundraising events is recognized at the time of the event. Revenue from sponsorships is considered contribution revenue as they are generally nonreciprocal transactions. Revenue from ticket sales are considered an exchange transaction for the value received. Ticket sales and contributions received in advance of the event are recorded as deferred revenue (contract liability) and refundable advances, respectively, until the event is held. Contribution and exchange revenue from fundraising events was approximately \$623,000 and \$346,000, respectively, for the year ended June 30, 2023 and \$451,000 and \$258,000 for the year ended June 30, 2022. Deferred revenue and refundable advances amounted to \$66,461, \$47,143 and \$1,750 as of June 30, 2023, 2022 and 2021, respectively. Expenses incurred in connection with an event that provide direct benefit to the donors are charged against the revenue earned from the event.

#### Miscellaneous Income

MSAA recognizes revenue from contracts with customers in accordance with *Revenue from Contracts with Customers* (Topic 606) ("ASC 606"). MSAA recognizes contract revenue when the following criteria are met: 1) Contract with the customer has been identified; 2) Performance obligations in the contract have been identified; 3) Transaction price has been determined; 4) The transaction price has been allocated to the performance obligations; and 5) When (or as) performance obligations are satisfied.

MSAA has contracts with customers for which it provides advertising and referral services. MSAA recognizes the revenue when the advertising is published or the referral is made. Amounts received in advance on these contracts are recorded as deferred revenue (contract liability). The services are billed monthly. The contract performance obligation is recognized at the point in time the advertising is published or the referral is made. MSAA has contracts with customers for which it provides consulting services. MSAA recognizes the revenue as the services are performed as outlined in the contract during the contract year. Amounts received in advance on these contracts are recorded as deferred revenue (contract liability). These services are billed at various points in time based on the contract agreement. The contract performance obligations are met over the contract period and therefore, revenue from contracts is recognized over time.

#### NOTES TO FINANCIAL STATEMENTS

#### FOR THE YEARS ENDED JUNE 30, 2023 AND 2022

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### REVENUES AND SUPPORT (CONTINUED)

#### Miscellaneous Income (continued)

Revenue from contracts recognized over time was \$79,464 and \$66,397 for the years ended June 30, 2023 and 2022, respectively. Revenue from contracts (exchange transactions) recognized at a point in time was \$89,361 and \$130,555 for the years ended June 30, 2023 and 2022, respectively. Revenue from contracts recognized at a point in time for the fundraising events was \$144,102 and \$135,256 for the years ended June 30, 2023 and 2022, respectively.

Grants and other receivables was \$164,892, \$103,361 and \$195,500 as of June 30, 2023, 2022 and 2021, respectively.

#### **MEASURE OF OPERATIONS**

MSAA includes in its measure of operations all revenues and expenses from contributions, grants and bequests, special events, investment income, and other revenue generated from MSAA's programs. The measure of operations excludes donated media, as these revenue and expense amounts are not part of MSAA's annual budgeting process.

#### CASH AND CASH EQUIVALENTS

MSAA considers all money market funds to be cash equivalents.

#### **INVESTMENTS**

Investments in fixed income instruments, mutual funds and equity securities with readily determinable fair values are measured at fair value in the statements of financial position. Investment income or loss (including realized and unrealized gains and losses on investments, interest and dividends) is reported as increases or decreases in net assets in the reporting period. Investment fees are netted against investment returns.

#### GRANTS AND OTHER RECEIVABLES

Grants and other receivables are reported at the amount management expects to collect from outstanding balances at year-end. MSAA's management has determined that these receivables are fully collectible; therefore, no allowance for uncollectible accounts is considered necessary at June 30, 2023 and 2022.

#### NOTES TO FINANCIAL STATEMENTS

#### FOR THE YEARS ENDED JUNE 30, 2023 AND 2022

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### PROPERTY AND EQUIPMENT AND RELATED DEPRECIATION AND AMORTIZATION

Property and equipment with a useful life of more than one year and an acquisition cost greater than \$750 are capitalized at cost. Costs incurred in the development of software and website are expensed during the preliminary and post-implementation operation stages, including data conversion, training and maintenance costs. Costs incurred during the development stage are capitalized. Expenditures for major repairs and improvements are capitalized; expenditures for minor repairs and maintenance costs are expensed as incurred. Upon the retirement or disposal of assets, the cost and accumulated depreciation are eliminated from the respective accounts and the resulting gain or loss, if any, is included in revenue or expenses in the accompanying statements of activities and changes in net assets. Depreciation and amortization are provided on a straight-line basis over the estimated useful lives of the assets.

The estimated useful lives for property and equipment are as follows:

	Estimated
Categories	Useful Lives
Buildings and improvements	30-40 years
Furniture, fixtures and equipment	5-7 years
Website and software costs	3-15 years

MSAA reviews long-lived assets to determine if the carrying value exceeds the undiscounted cash flows expected to be derived from the asset. If the carrying value exceeds the cash flows, then the recorded amount of the assets will be reduced to their fair value. There was no impairment loss recognized for the years ended June 30, 2023 and 2022.

#### **DEBT ISSUANCE COSTS AND AMORTIZATION**

Deferred debt issuance costs consist of costs associated with the mortgage note payable and include closing costs, legal fees and other related costs, and are subject to amortization. Deferred debt issuance costs are being amortized using the straight-line basis over the life of the related note. Amortization expense related to deferred debt issuance costs totaled \$3,775 for each of the years ended June 30, 2023 and 2022, and is included in amortization expense on the statements of functional expenses.

#### NOTES TO FINANCIAL STATEMENTS

#### FOR THE YEARS ENDED JUNE 30, 2023 AND 2022

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### REFUNDABLE ADVANCES

Refundable advances consist of the contribution portion of special event revenues received in advance for events scheduled to take place after year end.

#### **NET ASSETS**

Net assets, revenues, and other support are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

#### Net Assets Without Donor Restrictions

Net assets available for use in general operations and not subject to donor restrictions. From time to time, the Board of Directors may designate a portion of these net assets for specific purposes, which makes them unavailable for use at management's discretion.

#### Net Assets With Donor Restrictions

Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events or purposes specified by the donor. Other donor-imposed restrictions are permanent in nature, where the donor stipulates that such resources be maintained in perpetuity. Generally, the donors of these assets permit the Organization to use all or part of the income earned on related investments for general or specific purposes.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions.

#### **DONATED MEDIA**

During the years ended June 30, 2023 and 2022, MSAA received in-kind contributions consisting of donated media. Donated media is reflected as revenue and expense in the accompanying statements of activities and changes in net assets at the estimated fair value as provided by the donor or third party. Donated media primarily consists of digital media spots on the internet and advertisements received through the Google AdWords campaign. For the years ended June 30, 2023 and 2022, in-kind contributions consisted of \$129,940 and \$124,834 of donated media, respectively. There were no donor restrictions related to the in-kind contributions and MSAA does not sell the in-kind contributions.

#### LEASES

Effective July 1, 2022, MSAA adopted FASB ASC 842, *Leases* (ASC 842). MSAA determines if an arrangement contains a lease at inception based on whether the Organization has the right to control the asset during the contract period and other facts and circumstances. MSAA elected the package of practical expedients permitted under the transition guidance within the new standard, which among other things, allowed it to carry forward the historical lease classification. MSAA elected the short-term lease recognition exemption for all leases that qualify. Consequently, for those leases that qualify, MSAA will not recognize right-of-use assets or lease liabilities on the statements of financial position. MSAA generally does not have access to the rate implicit in the lease, and therefore MSAA utilizes a risk-free rate as the discount rate.

The adoption of ASC 842 did not have a material impact on MSAA's results of operations and cash flows. There are no long-term leases over 12 month period as of June 30, 2023. Results for periods beginning prior to July 1, 2022 continue to be reported in accordance with the Organization's historical accounting treatment.

#### FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying statements of functional expenses. Expenses directly attributed to a specific functional area of MSAA are reported as expenses of those functional areas, while shared costs that benefit multiple functional areas have been allocated among the various functional areas based on estimates determined by management to be equitable. Occupancy and depreciation expenses are allocated by the square footage used by the related department, and costs that are part of the direct mail campaigns are allocated based on the line counts of the direct mail pieces. All other shared costs are allocated based on a time study, which is done twice a year.

#### **INCOME TAXES**

The Organization is exempt from federal income taxes under the provisions of the Internal Revenue Code Section 501(c)(3), and is exempt from state income taxes. The Organization is not a private foundation. MSAA is subject to income tax on unrelated business income (see Note 14).

#### NOTES TO FINANCIAL STATEMENTS

#### FOR THE YEARS ENDED JUNE 30, 2023 AND 2022

#### NOTE 3 - LIQUIDITY AND AVAILABILITY OF RESOURCES

MSAA regularly monitors liquidity required to meet its annual operating needs and other contractual commitments, while also striving to preserve the principal and return on the investment of its funds. MSAA's financial assets available within one year of the statements of financial position date for general expenditures are as follows:

	June 30,				
		2023	2022		
Cash and cash equivalents Investments Grants and other receivables	\$	1,393,532 5,525,200 164,892	\$ 2,256,111 4,248,564 103,361

Total Financial Assets Available to Meet General Expenditures Within One Year	<u>\$</u>	4,939.011	\$ 5,357,412		

MSAA has certain donor-restricted assets limited as to use which are unavailable for general expenditure within one year in the normal course of operations. Accordingly, these assets have been excluded in the above qualitative information for financial assets to meet general expenditures within one year.

#### LIQUIDITY MANAGEMENT

MSAA has various sources of liquidity at its disposal, including cash and cash equivalents and investments, which are available for general expenditures, liabilities and other obligations as they come due. Management is focused on sustaining the financial liquidity of MSAA throughout the year. This is done through monitoring and reviewing MSAA's cash flow needs on a weekly basis. As a result, management is aware of the cyclical nature of MSAA's cash flow related to MSAA's various funding sources and is therefore able to ensure that there is cash available to meet current liquidity needs or to support organizational initiatives. As part of its liquidity plan, excess cash is invested in publicly traded investment vehicles, including \$254,732 in short-term liquid funds, and approximately 60% equity and 40% fixed income. MSAA can liquidate its investments anytime, and therefore the investments are available to meet current cash flow needs. To help manage unanticipated liquidity needs, MSAA has a committed line of credit of \$500,000, of which approximately \$500,000 was unused and available to draw upon as of June 30, 2023.

#### **NOTE 5 - FAIR VALUE MEASUREMENTS**

U.S. GAAP defines fair value, provides guidance for measuring fair value and requires certain disclosures. U.S. GAAP discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow), and the cost approach (cost to replace the service capacity of an asset or replacement cost). U.S. GAAP provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

- Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in markets that are not active.
- Level 3: Unobservable inputs that reflect management's own assumptions.

Valued at the quoted net asset values ("NAV") of the shares held by the MSAA. These common stocks and funds are required to publish their daily net asset value (NAV) and to transact at that price. The common stocks and mutual funds held by the MSAA are deemed to be actively traded.

#### FIXED INCOME SECURITIES

The fair value of these securities is estimated based on models considering the estimated cash flows and expected yield.

The investment portfolio is targeted at approximately 60% equity and 40% fixed income.
